Summary: Another EreK poem. The title doesn't make too much sense, but I couldn't think of a different one

What Justifies War

What Justifies War by Joltz

My people say that fighting is wrong

And I wholeheartedly agree

But sometimes violence is necessary

And even good to a certain degree

If you're fighting for a just cause

Like helping out your friends

It's certainly acceptable

To help evil achieve their ends

To tell you the truth

I know what horror fighting has been

But if I ever actually fought

I know that I could win
